Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Sunday 11 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Scattered wintry showers and sunny spells.

Today:
Scattered snow showers around at first, mainly near coasts and particularly across north-east England, else sunny spells, before showers develop inland. Some of the showers heavy and containing a wintry mix, giving a temporary covering of snow over some hills.

Tonight:
Wintry showers in the north and east, mainly coasts, else clear and frosty. Cloud and rain with some hill snow over Northern Ireland moving into Wales and central England later.

Monday:
Patchy sleet or snow for central and south-east England at first, then rather cloudy with scattered showers in southern and western parts. Sunny spells and isolated wintry showers in north.

Outlook for Tuesday to Thursday:
Sunny spells and scattered showers Tuesday. Plenty of sunshine on Wednesday and Thursday, with light winds. However rather cold overnight with isolated mist and fog patches.
